25X1C

MEMORANDUM FOR THE [REDACTED]

Subject:

Transmission of Certain RESTRICTED DATA

25X1C

1. The United States Intelligence Board recently approved, from a national intelligence standpoint, the transmission of the following RESTRICTED DATA [REDACTED]

- a. Table IV of NIE 11-2-58, excluding information in those columns relating to approximate diameters and amounts of critical materials.
- b. Table V of NIE 11-2-58, excluding information in those columns relating to approximate diameters and critical materials.
- c. Annex "C" of NIE 11-5-58.

2. Pursuant to instructions of the Intelligence Board I am forwarding the attached copies of this RESTRICTED DATA for the necessary determination by the [REDACTED]

[REDACTED] of the transmissibility of this information [REDACTED] It is our understanding that the fission data is transmissible under existing agreements. Accordingly, it is requested that the portion of this national intelligence dealing with the fission weapons be transmitted [REDACTED] through your channels now existing for the transmission of such RESTRICTED DATA.

3. Since we understand a new Presidential determination will be required for the release of the fusion weapons data, it is requested

DOE Review Completed

that this determination also include authorization, under Section 144d of the Atomic Energy Act of 1954, as amended, for the Central Intelligence Agency to communicate [redacted] in the future such intelligence containing RESTRICTED DATA information as is determined to be transmissible.
